DETAILED ACTION

REASONS FOR Allowance

1. This is an Examiner's statement of reasons for allowance. The closest prior art Heindel et al U.S. Pat. No. 6,304,857 discloses an electronic billing system that provides a set of tools for a biller to create and design a customized statement.

Sann, Norbert JP404267906A discloses a secure inside partition that seals a liquid container and surely mounting a filter element with a few members.

IBM technical Disclosure Bulletin discloses a Tivoli management environment Netfinity service to allow industry standard common gateway interface programs to operate within the Tivoli management environment.

However, neither Heindel nor IBM Technical disclosure Bulletin and Sann singularly or in combination fails to anticipate or render obvious the recited feature:

As per claims 1 and 12 " a maintenance service associated with the secure partition and the API bundle, the maintenance service operable to periodically test a network connection associated with a network coupled to the gateway to determine the network status and communicate the network status to the consumer service".
